

KUROPATKIN STANDS LIKE STONE WALL

ST. PETERSBURG, October 17--General Sakharoff telegraphs that the Russians yesterday recaptured Lonely Tree Hill south of Shakhe and captured eleven Japanese guns and one quick-firing rifle.

SPIRITS WRECK HIS HOME

**Sheahan Asks Divorce--
His Wife is Taken
From Court.**

With the allegation that Spiritualism had weaned his wife away from her home and caused her to neglect her household duties and her children, J. J. Sheahan ended his testimony today against Mabel C. Sheahan from whom he has asked a divorce on a cross-complaint to an action begun by her.

The quality of the temper of the woman with whom Sheahan has had to deal was shown in court this morning when she insisted upon talking until Judge Melvin had her taken from the room by Deputy Sheriff Sweeney.

The scene was the culmination of a certain line of testimony in regard to her having published a notice in a San Francisco daily of a seance to be held at the Sheahan home at 4409 Linden street.

Without the knowledge of her husband, Mrs. Sheahan had become a trance medium and sprung her surprise upon her husband one night while at dinner in San Francisco. She asked her husband to give her \$5 for a demonstration of her power and in this way let him know how she had been improving her time.

In speaking on this matter Sheahan said: "My wife was an excellent woman until she went off on this spiritualistic work. Since then she has neglected her home. I can hardly get a clean change of clothing and my children are in rags. Prior to this time I never left home but what she would want to pack my grip for me and was anxious to do all she could for me. Afterwards she spent her nights out and I never knew where she was. The money I gave her for household expenses was frittered away and finally one night I came home and found the place lighted up as if there was going to be an entertainment there."

"I went into the house and found it a blaze of light. The parlor had been cleared of all the furniture and a trance medium's cabinet had been rigged up in the room. Every room had been thrown open. In a few minutes I went out onto the porch and found my wife talking to some man who was standing at the gate. I asked him what he wanted and he said that he had come to attend the seance that had been advertised to take place there. I told him to move on and said that there would be no seance there that night."

The question of the advertisement coming up and who caused it to be published caused Attorney Cochran, representing Sheahan, to ask Mrs. Sheahan to take the stand for a moment when he put the question to her as to whether she did not put the advertisement in the paper.

Before Cochran had finished his question she interrupted him and said that she had, but that it was after she had made up her mind to leave her husband and earn her own living.

"Madam, if you will please wait until the attorney has finished his question we will get along better in this matter," said Judge Melvin.

"Well, that is all right," was the rejoinder, "but I want it understood that I put that advertisement in the paper after I left my husband and that it is no one's business what I did after that."

"Mr. Sheriff, will you kindly escort this woman from the court room until such time as she can behave herself," said Judge Melvin.

"There is no need for him to help me," said Mrs. Sheahan and before the Sheriff had an opportunity to reach

SIX LIVES ARE LOST IN FIRE.

**Incendiaries Do Diabolical
Work in New
York.**

NEW YORK, October 17.—Six lives were lost, nearly a score of persons were injured and the lives of more than a hundred others were endangered in an early morning tenement house fire in the Williamsburg section of Brooklyn today. With one exception all the dead are children, and of eight who were so badly hurt that they were removed to a hospital the oldest is a 14-year-old girl. Incendiaries are thought to have been responsible for the fatal fire, and this theory is strengthened by the fact that while the firemen were at work on the blaze alarms were turned in for two other fires in the immediate neighborhood. The dead:

BELLA GLASS, 20 years old.
HENRY GLASS, 2 years old.
IDA SALTOWSKY, 8 years old.
BENJAMIN WARKOLSKY, 11 years old.

GUSSIE WARKOLSKY.

CHARLES WARKOLSKY.
Twelve families, comprising 120 persons, were asleep in the big five-story double tenement house when the flames were discovered. When the alarm was sounded through the house the men and women, some of the latter with babies in arms, others with little boys and girls clinging to the night clothes of their parents, ran to the hallway. There they were met with great clouds of choking smoke while the flames were rapidly closing in about them. Before the firemen arrived police reserves from a nearby station had rescued many persons from the blazing building. When the firemen came human lines were forced from the fire escapes and the screaming women and children were lowered to the pavement.

The five Warkolsky children were found huddled in a blazing room by a fireman. Their night clothes were burning, their hair burned from their heads and their bodies blistered. They were taken to a hospital in a serious condition. A few minutes later three more children, all of them unconscious, were found in the upper part of the building and carried out by the firemen. As the rescuers rushed to the street, three firemen, bearing the dead body of a child, came down the fire escape from the fifth floor. The body of Mrs. Glass was recovered soon afterwards.

FLY KITES AT ST. LOUIS.

ST. LOUIS, Oct. 17.—With eighteen entries, representing America, England, and Japan, the first kite-flying contest of the kind ever held, began today in the aeronautic concourse, the stadium and other clear spaces at the World's Fair.

The most interesting competition was the mile-high contest in which Baden-Powell and Eddie flew kites. In this contest, the heights were determined trigonometrically, and no kite was eligible for first prize which did not attain the height of at least one mile. In the 500-foot contest the height was determined by means of the quadrant.

her she had flounced out of the room.

Sheahan denied that he had ever struck his wife. She testified that he had slapped and abused her from the time that they were first married.

According to his testimony, for a while their relations were the most amicable and only within the last year has dis-sension broken up their home.

RUSSIAN CONVOY CUT OFF BY JAPS.

RUSSIANS CAPTURE ELEVEN GUNS.

**Czar's Officials Express Hope, But
the Masses Continue to
Be Pessimistic.**

ST. PETERSBURG, October 17, 4:35 p. m.—Despite the feeling of bitter disappointment over the failure of the Russian offensive and the complete miscarriage of General Kuropatkin's plans, the battle continues and his defeat does not appear to be so crushing and disastrous as the Tokyo telegrams led the Russian public to believe. While the tales of death and slaughter have plunged the nation into grief, and the exact situation of Kuropatkin's army, especially the left, is not clear, but probably must be regarded as critical, it is evident that the wild stories of a rout and of the cutting off of a whole corps, etc., are baseless. Kuropatkin is still doggedly trying to stem the tide and there is nothing but admiration for the heroic figure of the Russian commander, personally directing the fight to save his battered legions.

Indeed the latest official dispatches almost revive the hope that he does not consider the battle to be irretrievably lost, as he has personally launched attack after attack against the strong Japanese position on Lone Tree Hill, south of Shakhe, at last carrying it by storm and obtaining some revenge for the loss of the third artillery brigade by capturing eleven field pieces and one machine gun. But whether this offensive movement of Kuropatkin was forced in order to extricate his flank, is not revealed, the war office affirming that it is unable to communicate precise information regarding what is occurring on the left.

Everything proves that not since the time of the ancients and certainly not within a hundred years has the world witnessed such desperate fighting. The slaughter doubtless is appalling, but the war office contends that the Tokyo reports are exaggerated.

Nevertheless a war correspondent telegraphs under yesterday's date that 23,000 wounded had passed through Mukden on their way north, not counting many from the Eastern wing who went through from Fushun direct to Tie Pass. In spite of the better tone of the official dispatches, however, the public continues pessimistic, notwithstanding the appeals of the newspapers not to despair, the Novoye Vremya boldly announcing in its issue of today that the battle is not yet decided.

JAPANESE MINISTER'S VIEWS.
LONDON, October 17.—The Japanese minister here, Baron Iwano, in an interview today, on the result of last week's fighting, said to the Associated Press:

"The war will be continued through the winter, which, in some respects, is more suitable for operations than the summer. The next point of real importance to be taken is Tie Pass. When that is accomplished, there is nothing to prevent the Japanese advance to Harbin."

MISSIONARY SOCIETY MEETS.
DES MOINES, Ia., October 17.—The Congregational Home Missionary Society held its annual meeting here today in connection with the National Congregational Council, President Cyrus Northrup, D. D., of Minneapolis, presided.

The annual report of the Congregational Home Missionary was presented, and referred to a special committee.

COAL FOR RUSSIA.
EMDEN, Germany, October 17.—Four German steamers are loading coal here for the Russian fleet.

LATE BULLETINS OF WAR

**Dispatches From Tokio
and Okus Headquarters
Tell of Fight.**

GENERAL OKU'S HEADQUARTERS, via FUSAN, Saturday, October 15, 10 a. m. (delayed in transmission).—The Russian right had retired from all its positions save that of the extreme right where they made a desperate stand west of the railroad. At midnight the Russians made an attack but were driven back with heavy losses. They repeated the attack at dawn but were unsuccessful and are now drawing back the division and a half engaged.

Before the left and center of the Japanese left army, fifteen hundred Russian dead were found in four days. "GENERAL OKU'S HEADQUARTERS, via FUSAN, Saturday, October 15, evening (delayed in transmission).—Lamuting, the last stand of the Russians was captured at 4:30 p. m. The Japanese are now shelling the retreating Russians, who defended the town. This was the most stubborn of the entire six days' battle. All day the Japanese poured a rain of shells on the position with no effect and finally it was taken by the infantry. The entire line is now in possession of the Japanese. It is rumored that many Russian guns were captured to-day."

TOKIO, October 17, 2 p. m.—The Russians fiercely assailed General Oku's left column yesterday and made six counter attacks, all of which were successfully repulsed.

At sunset, when the last telegram

BATTLE NOT YET DECISIVE.

**German Colonel Estimates
Russian Losses at
15,000.**

BERLIN, October 17, 11:51 a. m.—Colonel Gaedke, the war correspondent of the Tagblatt, telegraphs from Mukden that when he left the battlefield yesterday at 3:30 p. m., a general engagement was in progress which was not yet decisive, although not unfavorable to the Russians.

The battle opened at 7 o'clock in the morning twelve miles south of Mukden. At about 2 p. m. he heard heavy artillery firing in the mountains eastward where he understood General Stakelberg was attacking the Japanese right. An immense number of wounded was arriving at Mukden. On this, the eighth day of the fighting, the weather was fine.

Colonel Gaedke sent another despatch dated Saturday, which was detained at St. Petersburg, describing the operations on the Russian right, which he accompanied. He says that after four days' hard fighting, with heavy losses, the Russians had reached a point at the base of the precipitous heights of Tumen Pass which was occupied by the Japanese.

The Russians were only about 300 to 500 yards distant from the Japanese positions and intended storming them the morning of the 13th but the order to retreat arrived during the night.

Their artillery was somewhat greater than that of the Japanese in the number of guns and far superior in effectiveness. The infantry and artillery co-operated with great success.

In retreating from the pass the Russian force got away without firing a shot. The wounded were carried away on stretchers.

The incessant artillery firing heard from the Russian center and right on the 14th was considerably stronger than the firing at Liouyang. The Russian losses up to the evening of October 13 were estimated at 15,000.

MAKE GENERAL ADVANCE.

TOKIO DISPATCHES SAY JAPS REPULSED THE RUSSIANS.

TOKIO, October 17 (noon).—It is reported from reliable private sources that the Japanese are continuing their advance and that they have occupied additional positions south of the Shakhe river. The left army occupied Wafukiatun at noon yesterday, dislodging four or five battalions of Russian infantry and several batteries of artillery and crushing repulsing a subsequent counter-attack. Artillery from the center and infantry from the left army are harassing the Russian retreat.

General Oku has attacked the main strength of the Russian right bases at Chien Pass and Chungtzou and is now operating to block the Russian retreat along the railroad.

Official confirmation of the above is not obtainable.

was sent from the field, the Russians were advancing for a seventh attack.

Field Marshal Oyama reports that the Russian losses in these attacks were heavy.

RUSSIANS TAKE THE OFFENSIVE

**St. Petersburg Officials
Feel Much
Brighter.**

ST. PETERSBURG, October 17, 1:55 p. m.—Official reports received by the war office today say the battle was resumed at daybreak today, that the Russians still hold the right bank of the Shakhe river, that the pressure on the Russian left has been relieved and that the contest is continuing on the right, where the Japanese are seeking to break through the Russian center, evidently in order to get possession of the railroad and cut off the Russian army from Mukden.

Unofficial reports say the Russians had some successes at Shakhe yesterday, where General Kuropatkin again took the offensive.

While admitting that the Russian losses are very heavy, but not offering figures, the general staff declares the Japanese reports of the Russian losses are exaggerated, while their own are minimized.

The feeling at the war office today is slightly brighter as it becomes evident that the Japanese have not cut off any of the Russians and that General Kuropatkin is able to stand like a stone wall. The right wings of both sides are believed to be greatly exhausted by their long-sustained efforts.

The main fear is that the unexplained quiet on the Russian left may presage some strategical stroke of which Kuropatkin has not yet been apprised.

One of the aides of General Grippenberg, who is to command the second army, said to the Associated Press this morning:

"Even if Kuropatkin has been badly defeated, provided it does not end in a rout and disaster, in my opinion his offensive movement should be approved. Only by hammering away can we ultimately hope to smash the Japanese."

"Kuropatkin is simply preparing the ground for us when we arrive with the second army."

POWERS MAY BRING PEACE.

WASHINGTON, Oct. 17.—The war in the Far East has enlisted the closest attention of the Administration and it is felt that the time is approaching when it will be in order for the great neutral powers to move toward the restoration of peace. President Roosevelt has from the start stood ready to use his offices to stop hostilities on a basis honorable to both belligerents but he is estopped from moving by the fact that it has been the unbroken rule of our Government to wait until it is assured that both sides to a controversy of this kind are willing that we should act. There has been so far no open proposition, nor can it be truthfully stated that an indirect overture has come to Washington from St. Petersburg or Tokio, but it is believed that the signs point to an early move in that direction.

REPULSE COUNTER ATTACKS.

Japs Hurl Russians Back
Six Times in
Succession.

TOKIO, October 17 (5 p. m.)—The following report dealing with yesterday's events reached Tokyo today:

"A small body of the enemy at Kuo-kuan-chi retreated before our pursuit. Part of it halted at Hui pass and part at Kuantai pass.

"Our pursuing column occupied Cuan-chi.

"The enemy, a brigade strong in now assembling in a village a thousand metres to the northwest of Fenchu. Its artillery remains at the eastern end of the village.

"A force of about two batteries of artillery is visible on the heights north-west of Ta pass.

"The state of the enemy in front of the center army remained unchanged until evening.

"On October 16 the enemy made six counter attacks against our left column of the left army, but the attacks were entirely repulsed and heavy losses were inflicted on the enemy.

"At sunset five or six batteries of the enemy, with two or three battalions, again attacked the same column. The column is now repulsing them.

"The enemy's dead left upon the field in the direction of our left army. On October 15 increases the total to about 4000. Many dead remain in front of the left army, but they are too numerous to count quickly."

A report dealing with the Russian attack on Shenchuang (Shenchen) in the effort to reach the Japanese communications to the Yalu river was received last night. It says:

"According to a report received from Shenchuang, the enemy retreated at first to Pinyin mountain and later in the direction of Huachentzu and Ningchien. No information has been received from the direction of Weizaku and Shao-chienzu.

"According to a report received from Kuantien, the enemy is stationed at Hui-jen and has not returned. Hence he was defeated at Shenchuang.

"Our detachment advanced from Salmati to Chao-tao and reached Hui-shin without cavalry.

"A force of Russians, which was pursued by our cavalry, halted October 14 at Chao-tao, five miles to the northeast of Ninkien.

"Our detachment advanced from Sien-tien to Chao-tao and pursued the enemy on October 15 ten miles southwest of Kaoliang."

An official estimate prepared at Imperial headquarters places the Russian force engaged in the battle of the Shahr river at 200,000 infantry and 20,000 cavalry, with 550 guns.

PISTOL CAUSES ARREST.

S. E. SKINNER, WHO SAYS HE IS
A FARMER, IS BEING IN-
VESTIGATED.

It is dangerous for a man to take a walk early in the morning, especially if he is armed and this S. E. Skinner, who says he is a farmer from the Sacramento valley, has learned to his personal discomfort.

Skinner was taken into custody at 10 o'clock this morning by Sergeant of Police Lynch and Patrolman Byrne at Twelfth avenue and East Fourteenth street for carrying a concealed weapon, a revolver.

According to his story, Skinner came to Oakland from the Sacramento valley several days ago for the purpose of seeing the San Francisco city and other sights strange to him. He explains his presence on the street at the early morning hours by saying that he wanted to take a walk and so went forth. The revolver, he says, he carries to protect himself against gun-knives men. When arrested he had about \$12 on his person. By the order of Chief of Police Hodgkins he is being held pending an investigation. The Sacramento authorities will be requested to ascertain whether or not Skinner's story is correct and if pending the reply he is being held on a charge of carrying a concealed weapon. To this charge he pled not guilty before Police Judge Samuel this morning.

BURTON'S CASE BEFORE COURT.

WASHINGTON, October 17.—The case of Senator Burton was before the United States Supreme Court today. It came up on a motion of Burton's attorney to advance the case now in the Supreme Court, on a writ of error from the District Court for the Eastern district of Missouri. It asked that the case be set for argument the last of November or the first of December.

BRITISH MAIL RECEIVED.

SHANGHAI, Oct. 17.—Two sacks of mail of the British steamer Calcutta have been received here by way of Peking.

OKU TELLS OF FIERCE FIGHTING.

Estimates of the Dead
of the Russians
Vary.

HEADQUARTERS OF GENERAL OKU'S LEFT ARMY IN THE FIELD, October 15—3 p. m.—(Via TIEN TSIN, October 17.)—The Russians last night retired along the eastern line except on the extreme right where they made a strong stand at Lushinpo and in the Chinese villages nearby.

In the evening the Japanese advanced but were unable to drive the Russians out. The Japanese then attempted to cut through along the railway in order to prevent a Russian retreat.

This determined Russian move was largely unexpected, the rest of the line having withdrawn.

At midnight the Russians attacked the Japanese line and after a hard fight, lasting four hours were driven back with heavy losses.

The opposing forces spent the night within rifle range of each other and kept up a continuous exchange of rifle fire. The guns banged away all night, throwing thousands of shells into both camps.

At dawn, the Russians again attacked and again were repulsed with heavy losses. This morning the Japanese succeeded in advancing slowly, pressing the Russians back. The fighting is still in progress and the Japanese have captured the railway station.

The Russians made a most determined stand at Lamute, a village just east of the railway and fourteen miles south of Mukden. Lamute completes the line aimed for by the Japanese.

Last night the Japanese took a village to the west of Lamute and this morning they took one to the right. A deep wide river connects the three villages.

With about forty guns to the northwest of Lamute, the Japanese made a direct attack. The village to the right was taken by two companies of infantry, who advanced under cover of the river bank. An advance was then made to the east along the north bank of the river.

Behind the Russian guns are lines of great baggage and ammunition trains and the determined resistance was for the purpose of protecting these until the retreat should be accomplished.

Large numbers of infantry were seen retreating all day. They were sheltered by the Japanese heavy artillery.

The fighting along this line for the last forty-eight hours was the heaviest of the entire battle.

The Russians had a division and a half engaged, and they were frequently exchanging the troops for fresher men. They had over fifty guns. The Japanese had about the same force, including the heavy guns captured at the battle of Nanshan Hill (Port Arthur).

The losses during the six days' fighting have been very heavy. In front of a portion of the left army, 1500 dead were found in the first four days, indicating that the casualties have been not less than 7500.

The estimates of Russian losses in the six days' fighting run from 10,000 to 25,000.

The Japanese casualties have not been estimated, but it is believed that they will be much less than the Russians.

It is believed that the Russians propose to offer resistance along the Hun river outside Mukden.

The Japanese probably will push forward immediately with a view of forcing an entrance to Mukden as soon as possible. During the first four days fighting the left army captured over two hundred prisoners. It is reported that the right army took many more than this number.

BYRON MAKES MANY SPEECHES.

LAFAYETTE, Indiana, Oct. 17.—William J. Bryan started today on the fifth day of his Indiana campaign. Speeches are scheduled at Lebanon, Frankfort, Logansport, Converse and Marion. J. G. Johnson of Kansas, joined the Bryan party here today.

On the train from here to Lebanon, Mr. Bryan accidentally met Frank B. Hanley, Republican candidate for Governor. The two shook hands cordially and exchanged pleasantries.

At Lebanon a large crowd listened to Mr. Bryan.

SUSTAINS VERDICT.

ST. PAUL, October 17.—The United States Circuit Court of Appeals has affirmed the verdict of guilty, the fine and sentence of the United States District Court of St. Louis in the case of John P. Dolan, Frank Garrett, and Thomas E. Barrett, indicted for naturalization frauds.

RUSSIAN BALTIC FLEET SAILS

FÄKKEBERG, Langeland Island, Denmark, Oct. 17.—The Russian Baltic Sea fleet passed the southern extremity of Langeland Island at 6:30 o'clock this morning. The Danish cruiser Heimdal exchanged salutes with the Russian flagship and then accompanied the Russian vessels to the northward. The fleet comprises twenty-four ships. Shortly afterward the vessels anchored in Langeland Belt, between Fakkeberg and Brolykke, to take in coal. Three steamers were awaiting them.

JAP AND RUSSIANS JOKE.

Fierce Fight Takes Place
in Village of
Fishinpu.

AT THE RUSSIAN FRONT, via Mukden, October 17 (5:45 p. m.)—On Saturday, at midnight, the Valkolutske regiment moved out of its position north of Shakhie to capture the village of Fishinpu. The Russians crept up quietly and then charged with the bayonet, clearing out the Japanese at the south end of the village. But at the other end stood a Buddhist temple which the Japanese had converted into a fortress. They dug a deep trench around its stone walls and surrounded them with wire entanglements, making it impossible to storm the temple, so the Russians brought up artillery under cover of the darkness and tried to breach the walls at a distance of 600 paces, but the shells proved ineffective, and unfortunately not all the shells were provided with field mortars, with which they could have quickly converted the temple into ruins. Therefore, the Russians were forced to leave the village in possession of the temple, and during the whole of yesterday the Russians held one-half of the village and the Japanese the other half. A pool of water in the village square separated the combatants, forming a sort of neutral lake. The Russian and Japanese soldiers occupied neighboring huts and from the shelter of the earthen walls of the Chinese courtyards they hurled abuse and jokes at each other with the accompaniment of occasional rifle bullets when anyone was rash enough to show his head.

The village of Lamonting (Lamutun), on the south side of the Shakhie river and slightly east of the railroad, was also simultaneously occupied by Russians and Japanese.

At 3 o'clock in the afternoon the Russian offensive operations were crowned with success and the Russian right moved forward to the village of Wu-chang, which was carried by a brilliant assault against resistance, the Japanese finally abandoning it with heavy loss.

At 5 o'clock the Russians occupied the village of Chenliangpu, which lies almost parallel with Linchunpu, on the north side of the Shakhie river and to the westward of where it bends south.

This concluded the fighting at the Shakhie river Sunday.

It is expected that night attacks will follow today and tomorrow.

Owing to the capture of Chenliangpu by the Russians the Japanese will be compelled to finally evacuate Linchunpu, which is of the greatest importance to the Russians, as its possession will enable them to roll up the Japanese left and go to the help of the Russian center by enlisting the Japanese flank.

The weather today was warm and clear, but it grew suddenly cold this evening.

"Let the Japanese freeze a bit," exclaimed the Russians, stamping on the cold ground in the trenches to keep themselves warm.

The fighting ceased entirely at nightfall. Everything was wrapped in darkness, and under a black, starless sky the Russian soldiers brought up their supplies from the field kitchens to the trenches, while over the Japanese positions hovered great flocks of carrion crows.

LECTURES ON RADIUM TONIGHT.

Edward Booth, instructor in chemistry, will deliver a lecture on "Radium and Radio-Activity" this evening at the Academy of Sciences in San Francisco.

WALK OVER FOR BATES.

UNION LABOR CANDIDATE FOR
ASSEMBLYMAN WITH
DRAWS.

The withdrawal of the name of Victor Heck as candidate on the Union Labor ticket for the Assembly in the Forty-ninth Assembly District, was filed with the County Clerk this morning and it is conceded it makes a walk-over for J. Clem Bates, the Republican nominee. The fight as it now stands is between Frank M. Dodd, Democrat and Bates, and while it was believed that Bates had the fight won in the three corners contest, the withdrawal of the name of Heck has simplified the situation and it is thought, left him in a position to win the race in a walk.

PRICES WERE TOO HIGH.

DR. DOODY AND M'ELROY PRO-
TEST AGAINST NATIVE SONS
BEING HELD UP.

Dr. D. W. Doody and J. J. McElroy, appointed as a committee to go to Sacramento to engage headquarters for the Native Sons and Daughters of Alameda County for the great convocation to be held in the Capitol City next year, returned last night after an absence of three days. Dr. Doody and Mr. McElroy did not secure headquarters for the reason that the hotel and lodging-house keepers in Sacramento attempted to charge them unreasonable prices for the quarters and this the committee refused to stand.

"The hotel and lodging-house proprietors at Sacramento," practically wanted us to purchase their places," said Dr. Doody today. "They thought they had us by the forelock and that we couldn't do a thing; but accept any old terms they proposed. We were, however, there for the interest of the Native Sons and Daughters and not for the purpose of pouring gold into the pockets of the landlords, so we refused to entertain the proposition advanced by them. The matter has been left in the hands of the Native Sons and at Sacramento and they will not doubt force the landlords to come somewhere near reasonable terms."

ELECTRICITY FOR S. P. CO.

WILL CONVERT NARROW GAUGE
LINES IN THIS
CITY.

The electrical engineer of the Southern Pacific Company has just submitted to General Manager J. C. Markham plans to convert the ferry steam roads and the South Pacific Coast Narrow Gauge as far south as San Jose into electric roads, together with estimates of cost for construction and the cost of obtaining electric power from the Bay Counties Power and the Standard Electric Companies controlled by John Martin, Eugene de Sable and their associates.

A change to electric power is not far distant, because the company is already collecting material for that purpose in Oakland. The company has the Key Route as being severely hit by the company and the same people owning the extension south along the next side of the bay to San Jose. Harriman, Kruttschnitt and Markham, re said to be fully convinced that electric trains for the suburban service of the company are absolutely necessary to strengthen it against present competition to be expected in the near future.

BULLET TEARS WHOLE ARM.

C. OLIVER CARRIES GUN FOR
FOOTPADS BUT SHOOTS
HIMSELF.

Through the accidental discharge of a pistol which fell from his pocket onto the sidewalk, C. Oliver, a saloonkeeper, received a bullet in his right forearm which traveled almost the entire length of the member coming out near the shoulder. The accident happened shortly after midnight and Oliver was taken to the receiving hospital where his injury was attended to by Dr. O. D. Hamlin.

The pistol was an old time Colts revolver, shooting a large sized bullet and it tore the flesh for eighteen inches and went out of the arm into the darkness. He stated that he knew little about firearms but had this one to carry home with him nights after closing up his place of business.

He met some companions as he was about to go home last night and they went to a nearby restaurant to get something to eat and afterwards one of them asked him for some change. Oliver reached into the pocket where the money was and the pistol tipped out onto the sidewalk and discharged.

MRS. MARY ENGS PASSES AWAY

PROMINENT OAKLAND WOMAN
DIES AFTER THREE WEEKS'
ILLNESS.

Mrs. Mary Webb Engs, widow of the late John F. Engs, died at her home, 1003 Twelfth street, shortly after 12 o'clock last night, after a three weeks' illness. Deceased was 64 years of age, and a native of Newport, Rhode Island, where she lived until about twenty-five years ago, when she removed to Oakland.

Mrs. Engs had been in delicate health for years, and was one of the most prominent women in Oakland. She was a devoted mother, and mingled very little in society.

Four sons survive her. They are Dr. J. S. Engs, a local dentist and professor of Pathology and Bacteriology at the University of California; Edward W. Engs, attorney for the Oakland Traction Company; Otis W. Engs, of Oakland and S. M. Engs of Chicago, who is the Eastern manager for the Bowers Rubber Company.

Mrs. Engs also leaves a brother, and a sister, Edward C. Webb, and Mrs. Henry W. Meek of Hayward.

Deceased is the daughter of the late Captain Otis Webb of San Lorenzo. The funeral arrangements have not yet been announced.

BUSINESS BLOCK FOR BERKELEY

BERKELEY, October 17.—Ground was broken today for a three-story business block at the southwest corner of Telegraph avenue and Bancroft way. The cost of the structure, which will have a frontage of 100 feet on Telegraph avenue and 105 feet on Bancroft way will be \$10,000. J. A. Marshall, a local capitalist, is the owner and builder.

Five stories will face on Telegraph avenue and two on Bancroft way. The upper portion of the building will be devoted to offices and apartments.

A Runaway Bicycle

Terminated with an ugly cut on the leg of J. B. Over, Franklin Grove, Ill. It developed a stubborn ulcer yielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It is as good for Burns, Scalds, Skin Eruptions and Piles. 25c at Osgood Bros., Seventh and Broadway and Twelfth and Washington.

The Rev. Edward Everett Hale, who is equally noted in letters and in the church, officiated recently at a marriage in Boston.

After the ceremony the aged clergyman gave the young husband a piece of old and pertinent advice.

"I am sure," he said, "that your marriage is destined to be a happy one. But, happy or unhappy, I urge you never to discuss your wife in company, for if you speak well of her you won't be believed, and if you speak ill of you will."

HIGH PRAISE FOR COUNTY INFIRMARY.

State Board Speaks Well of the
Work of Republican
Supervisors.

The California State Board of Charities and Corrections endorsed the conduct of the County Infirmary in a communication which was filed with the Supervisors this morning, through W. A. Gates, secretary of the Board as follows:

"I may say that I was well pleased with the conditions which I found at the County Hospital of Alameda county, May 12, '04. It is one of the best county hospitals in the State. The indigent sick receive there that treatment which will soon restore them to their normal condition and enable them to support themselves. The old and defective receive that care which is their due from us who are more fortunate in life.

"Inmates—men, 222; women, 73; W. A. Clark M. D., superintendent. The buildings of this Hospital are: One large building, used for administration and for sick and surgical cases, and several smaller cottages used mostly for the custodial cases. There is, therefore, a separation of the sick from the regular almshouse cases. All the buildings are in good condition, but much overcrowded, and some of them old. There seems to be a good system and the cases are well classified. There is a well-equipped operating room and a well-stocked drug room. Better the superintendent, a druggist, two interns, matron and eleven nurses are employed.

THE FARM.

"The farm contains one hundred and twenty-six acres, of which fifty are tillable, the remainder pasture. Seven cows, over a hundred hogs and more than one thousand chickens were on the place. The chicken plant contains incubators and brooder houses and is cared for by an expert. The hospital and farm both show careful management and are a credit to the county."

The document was filed

INDIGENT EXAMINATION.

The Associated Charities reported that they had made inquiry into 301 cases of indigents whose names were on the county indigent list up to September 30th. In doing this, 514 visits were made, 57 letters were written, 84 visits were received and 46 adverse reports were made. The report was filed.

The Associated Charities receives \$100 per month for making this investigation. Thus far, it is inquiring into the worthiness of the indigents whose names are now on the county poor list and when all of these have been reported on, the Associated Charities will look into and report upon the condition of current applicants.

CANCEL LIEN.

The lien against the property of E. S. Johns for the alleged non-payment of poll-tax was ordered cancelled because it was shown that Johns was over 61 years of age.

SENTENCES REDUCED.

Reduction of sentence, because of good conduct in the County Jail was granted to J. J. Kelly, Antonio Quinton, and Henry Hernandez.

LIQUOR LICENSES.

Charles Freeman of the San Leandro road and Rose & Smith of Ashland asked for liquor permits. The requests were referred to the License Committee.

John C. Lavin of San Leandro was granted a license to sell liquor.

HEALTH OFFICER.

Dr. G. E. Chalmers was reappointed Health Officer in the county for one year, at a salary of \$80 per month.

RAILROAD AVENUE.

J. O'Rourke of Elmhurst, Anton Rogers of San Leandro and County Surveyor Prather were in the matter of the abandonment of Railroad avenue in Elmhurst. W. S. Halpruner was examined by District Attorney Allen and stated that the names signed to the petition for the abandonment of the road in question were those of resident property-owners of the road district and that the abandonment of the road in question would be a benefit to them.

LAW PROTECTS DEFENDANT—
COURT TELLS CANO TO BE A
GENTLEMAN.

MEN DO BATTLE IN STREETS OF
THE CITY OF MEM-
PHIS.

It does not constitute a charge of battery for a person to place his hand on another's shoulder to make an arrest.

So decided Police Judge Samuel this morning when he dismissed the charge against a negro, who was arrested in the street by his sister-in-law, Bertha Connors. In rendering this decision, however, Judge Samuel was not prevented from giving the defendant a severe lecture on his actions towards his relative.

"A man who effects the arrest of his sister-in-law, or any other relative, at such an hour as did you ought to be punished," declared Police Judge Samuel to Cano, who had caused the arrest of his relative at midnight on a charge of disturbing the peace and had allowed her to remain in jail all the remainder of the night.

"You should have known better and exhibited the principles of a gentleman," continued Judge Samuel. "You had no right to arrest her in the first place and I am sorry that I am unable to punish you."

Cano was arrested on complaint of his sister-in-law on a charge of battery, but the evidence showed that no offense consisted in his laying his hand on her shoulder in the presence of a policeman to make the arrest legal.

KNUDSON TRIAL SET.

Charles Knudson, charged with grand larceny, had his preliminary hearing before Police Judge Samuel this morning and was held to answer before the Superior Court, bail being fixed at \$2000. Knudson is charged with having ordered some paint from the W. P. Fuller Company and then, without paying for them, sold them to a man by the name of Hatfield.

MEMPHIS, Tenn., October 17.—In a battle in Mosby street today between three officers and a negro fugitive, two men were killed and two were wounded.

The dead

ROBERT JAMIESON, police officer.

JOHN POP, a negro.

The wounded:

POLICE CAPTAIN O. H. PERRY, shot through hand.

JOHN J. MONROETH, went to Mosby street to arrest John Pop, who was regarded as a dangerous fugitive from justice. The negro, armed, retreated up Mosby street and being pursued by the officers, opened fire. The first shot killed Jamieson.

The officers then began a fusillade with the result that Pop was killed in his tracks. The negro, however, made every shot tell. Patrolman Monroeth and Captain Perry both receiving wounds.

DOG SAVES A DWELLING
FROM BURGLARY.

Prize Winning Cocker Spaniel
Arouses Master Who Puts
Thief to Flight.

BERKELEY, October 17.—"Sport" a prize-winning spaniel belonging to Curtis Wright of 2215 Fulton street, saved the house from being burglarized last night. By its frantic barking and its savage biting and gnawing at the woodwork and carpet at the back door, the dog attracted the attention of the family to the presence of the prowler, and the alarm caused the fellow to make good his escape.

This is the second time in the last few days that the house on Fulton street has been attempted by a burglar. The fellow evidently knows that the men are away in the early part of the evening, and he comes to the house at those times. In his previous raid he tried both the front and rear doors, and was driven away only through Mrs. W. R. Wright's vigilance.

PRESIDENT JORDAN
TALKS ON FISHES

BERKELEY, October 17.—President David Starr Jordan of Stanford University delivered a lecture last week before the Sigma Xi on the "Evolution of Fishes." Considering that a rally was in progress at the same time, the lecture was well attended, the room in South Hall being filled by students and faculty members.

The speaker was introduced by Professor A. C. Lawson of the department of geology, who made a few remarks outlining the field and purpose of the Sigma Xi society.

Stages in the evolution of fishes were traced from animals without eyes, brains, fins or jaws, on through the various stages, to "amphibians with fins and eyes, but no jaws, to sharks with fins and the beginning of jaws and vertebrae, and finally to fishes with all the characteristics embraced in the definition that has been given—wit, fins, eyes, jaws, scales and a vertical column. Certain forms of degenerate fish life were briefly discussed.

At the end of the lecture Dr. Jordan explained a series of lantern slides to illustrate his previous remarks. Although the lecture was strictly of a technical nature, the speaker's lucid style made his subject clear to every one and his occasional touches of quiet humor gave the discourse a pleasing sense of variety.

SOPHOMORE HOP
IS POSTPONED

BERKELEY, October 17.—The hop committee of the Sophomore Class at the State University has been postponed until next term.

It was found that November 4, the date set, would conflict with the final football rally. There was no other suitable date available, rather than conflict with the rally the committee decided to give the hop next term. The date has not been definitely fixed, but it will probably be set for the second Friday of the new term. This action was practically unanimous on the part of the committee. The finance committee has been consulted with this action of the arrangement committee and has promised its support at that time. The same committees will hold over and the hop given in the gymnasium next year will be in all respects the same as had been planned for this year.

The rally which has made necessary this postponement is the great dedication rally to be held on the new California field.

ABOLISH WEARING
OF BIRDS ON
HATS.

AUDUBON SOCIETY IS FORMED BY
PROMINENT PEOPLE OF
BERKELEY.

BERKELEY, October 17.—Charles Keeler, the California poet, has been chosen president of the Audubon Society, organized by prominent Berkeleyans who seek to protect the birds of the country.

The meeting was held at the school of Miss Anna Head, Charles Keeler, the Berkeley poet, was chosen president, Miss Anna Head secretary and Professor C. Price of the Latin department of the university treasurer.

Informal addresses dealing with the well-known objects of the Audubon Society were made by Charles Keeler, Professor W. E. Ritter and others. The scope of the society's work was outlined by Professor Ritter. He said that literature would be procured from the bird protection committee of the American Ornithological Union for circulation in California. This literature deals with the economic value of birds, the evils wrought by hunters and the incentive bird-killing receives from women who wear bird plumage in their hats.

Literature is also to be received from the Biological Survey of the Agricultural Department at Washington, which will discuss the influence of birds on crops and other features of bird life and activity.

The new society adopted a constitution and by-laws prepared by a committee including Mrs. R. Palmer, Charles Keeler and Professor Ritter. The next meeting will be held in four weeks at Miss Head's school.

Rex Davis, a young business man of Linn County, Ore., is visiting his brother, James Davis, manager of the University Co-operative Society.

Mr. and Mrs. W. C. Gibson are the guests of Mr. and Mrs. Max L. Schuller at the World's Fair after a long visit in New York. They are stopping at the Inn and enjoying the wonders of the fair.

Frank McClure, a member of McClure's Magazine Publishing Company, was the guest of Jimmy Hopper, local publisher, at a dinner at the French yesterday afternoon. Hopper is on the staff of the magazine and has taken a vacation from his task for several months.

LIBRARY TO FORM
PROFESSOR'S
MEMORIAL.

EXERCISES ARE HELD IN HONOR
OF THE LATE PROFESSOR
SPINELLO

BERKELEY, October 17.—Memorial exercises were held at the State University this afternoon in honor of the late professor Marius J. Spinello. The exercises were presided over by President Benjamin Ide Wheeler and among those who delivered eulogies were Professors Frank Soule, Chambers and Wells.

The object of the meeting was to formulate a plan to raise the necessary money to purchase the Spinello and Latin library left by the late instructor.

There are 1200 books in the collection and they are valued at \$100. The volumes are greatly needed in the library of the State University. The books will be marked with memorial plates in honor of Spinello's memory.

DE KOVEN CLUB
AT GREEK THEATRE

BERKELEY, October 17.—The half-hour of music in the Greek Theater yesterday was rendered by the De Koven Club. An interesting program was given, consisting of two chorus numbers and four solos, all the soloists as well as most of the members of the club being graduates of the University. The concert was in charge of Clinton R. Morse, '06. The following program was rendered:

"Hark, the Thunder Callet" (Buck), De Koven club; piano sections, Harvey Loy, '08, "The Arrow and the Song," Frank L. Argall, '07; violin solo, "Nocturne," Hugo Bokum, '01; "If With All Your Heart," from "Eljahn," Clinton R. Morse, '08; "Nottingham Hunt" (Frederick Bullard), De Koven club.

GIVES UNIVERSITY SPECIMENS.

BERKELEY, October 17.—Ben C. Jacobs, formerly lecture room assistant in chemistry, has donated to the chemistry department some valuable specimens of copper ore from Mexico.

UNIVERSITY NOW
TRAINS YOUR
MEMORY.

NEW SUBJECT WILL BE PRE-
SENTED FOR AN HOUR
EACH WEEK.

BERKELEY, October 17.—A class for the scientific study of memory has been organized at the University. The name of the course is "Assimilative Memory" and it is to be taught by J. P. Williams.

The Loissette system of memory training is the one to be taught. The following are some of the topics to be taken up in the new course:

Fundamental laws of memory; practical applications of these laws to analysis, to numbers, the study of languages, the study of arithmetical computation. The course is to be given for one hour each week.

FARMERS' INSTITUTES
PROVE A SUCCESS

BERKELEY, October 17.—One of the most important farmers' institutes held this fall took place last week at Galt under the auspices of the University. The institute was well attended by agriculturists from all the surrounding country.

Professor W. T. Clarke of the University read a paper on "Farmers' Institutes and What They Are Accomplishing." He also spoke on "Agricultural Education and the Extension Idea." Professor R. H. Loughridge delivered two addresses, the first on "Fertilization of the Soil" and the second on "Green Manuring of Soils."

ENTERTAINERS ON SHIPBOARD.

NEW YORK, October 17.—Minister of Marine Affairs has entertained foreign naval officers at a banquet on board the armored cruiser Albatross. Brown, says a Herald dispatch from Buenos Ayres. The minister made a speech in which he requested the guests to send the greeting for the new Argentine administration to their respective governments.

Rear-Admiral Chadwick of the American Squadron, replied for the foreign officers, thanking the minister for the reception tendered them.

BROKE NECK BY FALLING
FROM BLEACHERS.

Autopsy Discloses Cause of L. H.
Buddemer's Death on the
California Football Field.

BERKELEY, October 17.—An autopsy conducted last night by Dr. A. F. Gillman, disclosed the fact that L. H. Buddemer, who died during the annual intercollegiate game between the Stanford and California freshmen last Saturday afternoon, came to his death from a broken neck. It was believed that the deceased became faint, and although he fell but a short distance to the ground, struck his head in such a manner as to fracture the upper portion of his backbone.

In conducting the autopsy Dr. Gillman could find no organic trouble with the heart or brain and discovered the real cause of death in the backbone. Buddemer's wife has been communi-

cated with by Deputy Coroner Streigh-off and the following dispatch has been received from Portland, Ore.: "L. H. Buddemer, who dropped dead at the Berkeley-Stanford football game, had been a resident of Portland for more than twenty years, and for a long time conducted one of the largest plumbing businesses in the city. "Until last March he lived in Portland continuously but at that time moved his headquarters to Los Angeles, returning to Portland during the summer months. He travelled for a season in a touring house. His large figure was very familiar to all out-of-door sporting events. Buddemer was about 60 years of age, and leaves a widow and two daughters."

MARSH PLANTS ARE
DYING OUT
SLOWLY.

UNIVERSITY PROFESSOR WILL
MAKE AN INVESTIGATION
AT Suisun.

BERKELEY, October 17.—Professor Jepson will make a trip soon to the Suisun marshes to make a study of the plants upon which wild fowls feed. It is thought that the plan which serves as food for canvasback ducks and geese are being destroyed.

Professor Jepson intends to investigate the matter with a view to the preservation of these plants if they prove to be in danger of extermination.

CAR JUMPER IS
SEVERELY HURT

BERKELEY, October 17.—The desire of a small eight-year-old boy to jump off a swiftly moving street car nearly resulted seriously a few nights ago when Sterling Tarr was thrown into the street with great violence on Grove street, near Alston way.

Young Tarr is an Oregon boy and for the past week has been visiting at the home of E. L. Davis at Grove street and Alston way. He has been much interested in street cars, especially in the way they are managed to jump off of moving cars.

While returning from Oakland with his cousin, Vivian Davis, the other evening, he was determined to do some experimenting on his own and as the car got opposite the Davis' home, he suddenly jumped off into space. Striking the street he was thrown violently on his forehead and was picked up unconscious. Dr. Whitworth, Charles Hill and McClave were hastily summoned and did all they could for the child. Twelve hours of delirium and a day in hospital followed, but the youth however and he is now able to be about again.

HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDEN GATE

ARE WEDDED AT
SAN LEANDRO.

MISS MARY SAUNDERS AND WILLIAM CURRANT UNITED
IN WEDLOCK.

SAN LEANDRO, October 17.—Miss Mary Saunders and William Curran, two well-known residents of this city, were married in the St. Leandro Catholic Church last Saturday. The wedding ceremony took place at noon, the Rev. Father O'Malley officiating.

Both of the young people are natives of this city, where they have resided during the greater part of their lives.

The bride was attended by Miss Mamie Saunders, while Frank Mason of Oakland was best man. Only the intimate friends of the couple were present.

After being made man and wife Mr. and Mrs. Curran left for Sacramento, where they will spend their honeymoon. On their return they will make their home in this city.

WINS SUIT.

Mrs. E. M. Snow brought suit against Mrs. William Faught before Judge Black last Saturday morning for the recovery of \$500 which she charges the defendant withheld.

Mrs. Snow claims that Mrs. Faught has obtained groceries at her store to the value of \$15. She further claims that the defendant made an agreement to pay for the goods by doing washing at the rate of \$1 per day. After paying \$10 in this way, Mrs. Faught declined to do any more work and denied making the above bargain.

The evidence taken, however, showed that she had made the agreement, and Judge Black ordered her to pay \$13, which sum includes the damages and costs.

GOES TO CHICO.

Mrs. S. M. M. Woodman is representing the San Leandro branch of the W. C. T. U. at the convention now being held at Chico. She will take an active part in the deliberations of that body, and will return to her home the latter part of the week.

PERSONALS.

T. P. Carey left Wednesday morning for Livingston.

Miss Belle Roberts has returned from an extended visit with friends in Santa Cruz.

Mr. and Mrs. A. M. Nevis of Colfax are visiting Miss Alice Roberts in this city.

LATE NEWS FROM
EMERYVILLE.

TRUSTEES MEET TONIGHT—
ITEMS OF GENERAL IN-
TEREST TO ALL.

EMERYVILLE, October 17.—Much important business is on hand for discussion tonight at the meeting of the Board of Trustees. Street matters will probably receive considerable attention, as well as other improvements and repairs that will tend to put the town in first-class shape.

HORSES ARRIVE.

Sixteen yearlings belonging to Walter P. Jennings arrived Friday from Haggins' ranch in Sacramento, and are stabled at the track. Jennings now has about forty-five yearlings on hand.

FORESTERS TO MEET.

Twelve applications for membership to Court Emeryville, Foresters of America, are at present on the table and probably the majority of the applicants will be initiated tomorrow evening. The addition to the hall makes it commodious and comfortable and there is a large attendance at each meeting. The campaign for increased membership is being carried on zealously, and by the next meeting should several more candidates will be admitted.

RUSSIAN GUNS
CAPTURED BY JAP

TOKIO, October 17, noon.—It is reported here that Major Takashima's battalion captured fourteen guns at Manchuria on October 15. This makes a total of thirty-four guns captured by General Nodzu's center army since October 14.

It takes some men a long time to discover their unimportance.

Every woman imagines she's a perfect image of her feminine ideal.

HOSTETTER'S

ORGANIZE FOR
CAMPAIGN.

FRUITVALE REPUBLICANS FORM
A CLUB AND ELECT
OFFICERS.

FRUITVALE, October 17.—The Fruitvale Republican Club held a well attended and enthusiastic meeting at Blackman's Hall last Friday evening.

Permanent organization of the club was effected by the adoption of a constitution and by-laws and the election of such officers as had not previously been elected. The full board of officers now consists of E. H. Marwede, president; E. E. Lane, vice-president; George J. Hans, secretary, and R. Turnbull, treasurer.

Mr. and Mrs. W. C. Gibson are the guests of Mr. and Mrs. Max L. Schuller at the World's Fair after a long visit in New York. They are stopping at the Inn and enjoying the wonders of the fair.

Whereas, Our country has for a number of years, and is at the present time, experiencing a wave of prosperity such as was never before known; and

Whereas, This prosperity is due wholly to the policies and measures enacted by the Republican party under the wise ministrations of our late lamented McKinley, whose policies were later carried out under the fearless guidance of that illustrious President, Theodore Roosevelt, whose watchfulness over the destinies of this great American Commonwealth is rapidly bringing our country into prominence as a world power in commercial, maritime and naval affairs; and

Whereas, Our President has greatly honored our Golden State and more especially this, the Third Congressional District of California, by selecting to act as one of his advisors in the affairs of this great republic, that sterling Republican, that true American citizen, our Congressman, Victor H. Metcalf; and by appointing him to the position of Secretary of Commerce and Labor, where we know that he will greatly distinguish himself; therefore, be it

Resolved, That we, the Republican Club of Fruitvale, do hereby fully endorse the administration of President Theodore Roosevelt and extend to him our thanks and appreciation of his elevation of Congressman Metcalf, and our wishes of his re-election; and be it further

Resolved, That we recognize in Joseph R. Knowland, Republican candidate for Representative in Congress from this district, a man whose services as our representative in the Legislature of this State have proven him to be an honest, fearless, energetic public servant; a man of broad

HEBREWS OBSERVE
THIRD "SHEKEL"

NEW YORK, October 17.—Five thousand Hebrews have observed in this city the third "shekel day" of the Zionist movement in the United States by paying a fee of 25 cents and enrolling themselves as members of the association. Two thousand new members were enrolled and 3000 additional names were received by one hundred young men who canvassed the whole of Greater New York with membership slips.

The registration of his name and the payment of the fee confers the franchise to vote for delegates to the next Zionist Congress.

MORE DEATHS FROM
BOGUS WHISKY

NEW YORK, October 17.—Two more sudden deaths attributed to wood alcohol or bogus whisky have been reported to the police in the Lower West Side. One of the victims died in the back room of a saloon. His employer, a furniture-mover, said the man never had been ill a single day during fifteen years' service. A sample of the whiskey he drank was procured and an autopsy will be held.

The second victim, a painter, was found dead in his lodgings over a saloon. He is said to have been a heavy drinker and had been on a debauch for some days.

KILL THE DANDY GERM.

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that digs up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causes falling hair, and ultimately baldness. After Prof. Unna, of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made, which resulted in Newbro's Hairdye. It alone of all other hair preparations kills the dandruff germ. Without dandruff the hair grows luxuriantly. Destroy the cause, you remove the effect. Sold by leading druggists. Send 10 cents in stamps for sample to The Herpide Company, Detroit, Michigan. Beiman & Company, Special Agents.

REQUIRE MORE
MONEY.

ADDITIONAL \$2000 NEEDED TO
BUILD HAYWARDS
LIBRARY.

HAYWARDS, October 17.—After considering the funds now on hand, the Library Trustees find that the amount is nearly \$2000 short of the sum which will be required to erect a library building according to the plans and specifications submitted by Smith & Stone of San Francisco.

Those who have seen an illustration of the proposed building are very desirous that it be constructed as far as possible, after the style suggested by the architects. The old mission design, which is being used so much in the construction of public buildings, will be fully carried out even to the tiling on the roof. When completed the structure will be one of the most picturesque in this part of the county.

In order to realize the plan the trustees will have to raise at least \$2000.

Various plans have been presented by Haywards citizens for obtaining this sum. The one, however, that will probably find most favor with the people is the idea of giving a fair, such as the citizens of Santa Cruz gave to the trustees of the library building.

If the public-spirited men and women of this city could be interested in a project of that kind, it would doubtless be a success, both socially and financially. It is the opinion of all who have given the proposition any consideration that residents of this locality would be pleased to support this movement, which would materially benefit the entire community.

LOUIS TEMPLE ARRESTED.

Louis Temple indulged rather freely of the flowing bowl last Friday evening and began carousing about the streets. Deputy Constable John Pann arrested the offender and brought him before Judge Prowse. The judge fined him \$5.

Nearly all the nimrods in this locality and their favorite weapon cleaned and ready for the opening of the duck and quail season. Many of them have already returned laden with game. Quail are reported to be very numerous in the vicinity of Livermore, Leslie, hunted by F. P. Allen and this year, R. Red, F. P. Allen and Charles Ubbott has returned from Alaska. He reports a very profitable trip.

Mrs. J. M. W. Pope has taken up her home in this city.

Henry Williams of Antioch visited friends here recently.

Contractor James B. Lewis left Thursday for the springs in Lake county. He will be gone several weeks.

"PIT" CLUB HAS
MEETING.

GOLDEN GATE ORGANIZATION
ENTERTAINS MANY
GUESTS.

GOLDEN GATE, October 17.—The regular semi-monthly meeting of the Golden Gate Pit Club was held last Saturday evening at the home of Miss Annie Ernest, on Forty-seventh street.

There were many present and a number of games were played. Refreshments were served and the evening was greatly enjoyed by all.

Two weeks hence the club will meet again at the residence of some one of the members.

FUNERAL SERVICES.

The funeral of Miss M. Althausen, who died last Friday morning, was held from the family residence at San Pablo avenue and Fifty-sixth street, yesterday.

Miss Althausen left a mother, four brothers and a sister to mourn her loss.

WOODMEN MEETING.

Bay Tree Camp, Woodmen of the World, will meet in regular session tomorrow evening. Final arrangements will be made for the Year Party to be given in conjunction with the Women of Woodcraft.

'FRISCO FIREMEN
ARE IN NEW YORK

NEW YORK, October 17.—Thirty members of the volunteer fire department of San Francisco and six members of the regular department of that city, have arrived here on a tour of inspection. A program arranged for their entertainment includes exhibition drills in charge of Chief Croker, a trip through the subway and numerous receptions.

After attending the annual convention at Rockaway Beach of the National Association of Volunteer Firemen, the delegation will visit Albany and Boston.

Bargains. Bargains.

Every article at a bargain at the Old Reliable, H. Schellhaas Corner Store, Franklin at Eleventh street.

TEA

Is there anything good that isn't advanced by good tea?
Is there anything bad that isn't kept down by good tea?

MINSTRELS ARE
ENTERTAINED.

ELMHURST FORESTERS GIVE A
BANQUET TO BLACK-FACE
ARTISTS.

ELMHURST, October 17.—A banquet was given by the local court of Foresters in Red Men's Hall last Friday evening to the minstrels who recently gave such a delightful entertainment to the people of this city. The affair was also the occasion of the fourth anniversary of the founding of the court in this city. The evening was one of joy and pleasure to all who attended.

At the conclusion of the entertainment the floor was cleared and the Foresters and their fair partners enjoyed themselves in dancing until a late hour.

The following were some of the numbers on the program:

Recitation, Mrs. H. Hite; recitation, Miss Simoni; vocal solo, Mrs. F. Straub; recitation, Mrs. Rowe; piano duet, F. Rose and Mrs. L. Graden.

F. STRAUB ILL.

F. Straub was taken ill suddenly last Friday night and confined to his bed. Those in charge fear that he is threatened with appendicitis.

Disastrous Wreck.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Croup, Whooping Cough, and Lung disease, no longer necessary. This great remedy is guaranteed for all Throat and Lung diseases by Osmond Bros. drug, glass, Seventh and Broadway, and Twelfth and Washington. Price 50c. and \$1.00. Trial bottles free.

BULBS BULBS BULBS

Now is the time to buy your Hyacinths, Tulips, Daffodils, etc. Cut flowers fresh every day. Funeral work made up at short notice.

PIEDMONT FLORAL & SEED CO.,
1217 Broadway, Phone Main 603.

On November 1, 1904, Townsend's California Glace Flowers will be advanced 10 cents a pound. Holiday orders received up to that date at present prices. 715 Market street, San Francisco, Cal.

New Chiffoniers

At the price that will suit you at H. Schellhaas Corner Store, Franklin at Eleventh street.

For Sale

Good assortment of Household Furniture, cheap for cash at H. Schellhaas Corner Store, Franklin at Eleventh street.

Six Upright Folding Beds.

WHERE BALL WILL BE PLAYED.

TACOMA AND OAKLAND TO CONTEST ON THE LOCAL DIAMOND.

The Tigers are being brought down from Tacoma to mingle with the Lohmans in the arena at Idara Park tomorrow afternoon. The Oaks will strive to subdue the striped ones by feeding them scraps.

Harris and hands have started on their journey to Portland there to go into session with the tail riders for a while.

The Angels and the Swashes will continue to play better than usual and the Tigers show up the Com. ments. The San Francisco may take fourth place. But that will be an expected.

DANNY SHAY MAY UMPIRE.

WILL BE AFFORDED A CHANCE TO PRESIDE AT OAKLAND-TACOMA MEET.

Danny Shay will probably preside at the meeting of the representatives from Tacoma and Oakland scheduled to take place on the enclosed lot at Idara Park tomorrow afternoon.

If Shay refuses the job then an inmate of the Home for the Adult Blind will probably be called upon to pass judgment. If some decent gentleman would not get into training to umpire this league.

Shay is already on his way here and liable to arrive any minute. He will be met at the train by President Bell and tendered the job of umpiring. Danny ought to at least please himself. Then he has got to be liable to pass out from the shape of an old-fashioned love feast.

HORSES ARRIVING AT TRACK.

MANY THOROUGHBREDS AND PROMINENT OWNERS AT EMERYVILLE.

The following owners and horses have arrived at the Oakland track up to last Saturday.

J. C. Nelson Royal Rogue Re; Dare and six others.

John Hackett Yellow Tail and Little-tees.

Lagora & Forbes Beau Ormonde, Lady Blimbo Edorun and Princess Zulu.

W. B. Jennings with twenty-four including the Arcade Rockaway, Irillus Laidlaw, Stulcho Ruby Amy J. Gold Money Letola Dainty and Nettle.

O. A. Blinn Faneur Meade McGee and five others.

J. Remick with Hamult.

W. L. Stinefield nine horses.

P. M. Lulliff Lillian Ayers.

Muller & Bennett Prince Magnat and T. McCool Rele.

BREEDING FARM IS SOLD.

WILLIAM A. CLARK JR. COMPLETES NEGOTIATIONS FOR BITTER ROOT PROPERTY.

It is said by persons close to him that William A. Clark Jr., youngest son of Senator William A. Clark has completed negotiations for the purchase of the famous Bitter Root breeding farm of the late Marcus Daly and that the papers have been actually drawn, but are yet unsigned.

They are in the shape of a bargain and sale deed in which young Marcus Daly agrees to sell the entire 27,500 acres together with the beautiful private home of Mrs. Daly located on the ranch as well as stables and all other improvements when he Daly arrives at the age of thirty years.

In his will the late Marcus Daly stipulated that the property should not be sold until this age had been attained. The consideration price is unknown but will range well towards \$2,000,000.

The purchase is presumed to incorporate the entrance of young Clark into the turf along with strings of horses which he will breed at Bitter Root ranch.

M'LAUGHLIN TO RACE HERE.

WILL BE HIS FIRST YEAR ON PACIFIC COAST SPEEDWAYS.

Jimmie McLaughlin a campaign on the Pacific Slope this winter will be the first of his experience. Heretofore McLaughlin has confined his vic ories to Eastern tracks. He has had a fair measure of success too. He has not won Futurities and Suburban and Realizations because he has not had first-class material to work with. But the skill he has shown in the handling of horses of no particular class would have made him a great trainer if he had had good ones to train.

McLaughlin is one of the few successful jockeys who has made a success of training. When he rode horses V. L. Laughton was noted for his unflinching honesty. Not once during his long and brilliant career in the saddle was there breath of scandal raised against him. As a trainer McLaughlin has sustained the enviable reputation he made as a jockey. There is no hint of mysterious about McLaughlin's methods. He was never a gun-shy trainer. When he thinks he can win he says so. He bets very little himself and he has always been willing to give the racing public the advantage of what he knows.

Mr. McLaughlin believes that his colt Pasadena will win some big races in California also that Race King a horse that was ailing all summer will do well. He is a good judge of horse flesh. It would be well for followers of the winter races to bear these things in mind.

IT DIFFERS FROM RACING.

BUT SUPPOSE BALL PLAYERS WERE GOVERNED LIKE HORSES?

If baseball magnates established the same rules as the stewards of race-tracks there would hardly be a player or a club in the league that would not be ruled out for failing to show standard performance. The uncertainty of baseball is one of the factors that has made the sport so popular.

The public wants surprises and it would not leave a dollar at the box office if it knew in advance that one of the two clubs had no possible chance to win in every game it plays. It may be outclassed by other clubs but the difference is not so great that the weaker team has no possible hope for success.

PRACTICE WORK FOR ELEVEN.

TEAMS PICKED FROM BERKELEY SQUAD WILL WORK THIS WEEK.

This week teams picked from the University football squad of the University of California will play two practice games Tuesday afternoon at 3:30 o'clock. The six men will meet the Northern Athletic Club eleven and on Saturday at two o'clock in the afternoon they will meet the University of Oregon team.

The varsity squad has been in active training since the opening of the football season and Coach Hopper is encouraged with the outlook for his men. He has a whole lot of heavy and a majority of the players are veterans on the gridiron.

As yet Hopper has not announced the names of those who will constitute Tuesday and Saturday teams.

WHEELMEN ARE TRAINING.

LOCAL RIDERS WILL CONTEST WITH TEAMS ACROSS THE BAY.

Members of the Oakland Wheelmen and the several bicycle clubs of San Francisco are training hard for the wheelmen night which is to be held at the Chicago on October 22.

Heretofore teams from the Oakland Wheelmen teams from the Bay City Wheelmen California Cycling Club and the New Century Wheelmen will participate in a home trainer contest.

The British movement has a love letter addressed to an Egyptian Princess and inscribed on a brick. It must have been written in those days for a married man to have his love letters thrown up at him—Ohio State Journal.

HOW BIG ONES PITCHED.

BROOKLYN CLUB HAS USED LARGEST NUMBER OF TWIRLERS.

The pitches has become so much of the game as to command more than one before first consideration in reviewing a season. The National League has used in championship games this year sixty four pitchers.

There is small chance for any of the stallions to now displace Meddler in the list of winners for the year. This magnificent son of St. Gallen and Bushybody has now nicely topped the \$200,000 mark and is \$58,089 over Ben Brush his nearest rival in the list of

BRITT TRAINS IN ALAMEDA.

When Jimmy Britt the gritty little featherweight champion faces Joe Gans the Baltimore lightweight at Mechanics Pavilion on the night of October 31st they will be surrounded by the biggest audience that ever crowded and crushed into the big arena. This is the prediction of the managers of the Stacks Club who have the affair in charge.

The sport element all along the coast is already bubbling with excitement over the prospect of seeing Britt and Gans clash in the greatest championship contest of recent years. A demand for seat reservations are already pouring into the box office and the seating capacity of the pavilion will be enlarged for the occasion. Vice dope stars agree that the men will draw close to \$50,000.

Gans is already at work for the mill on at Mechanics Pavilion. He has been working like a beaver down San Mateo for the last three weeks and is a fine hope to plunge into the fight ground. While the bulk of the people figure Gans a man who will win, there are many who think that Britt will win. While Gans is a punchy artist with a wonderful accurate pinch to the jaw, Britt is on the other hand full of determination and grit and is a terrible blow which if he lands will bring home the money.

Manager Willie Britt real as that he has matched his brother against a tough proposition in Alameda's kick man. Gans is a grand fighter but so is

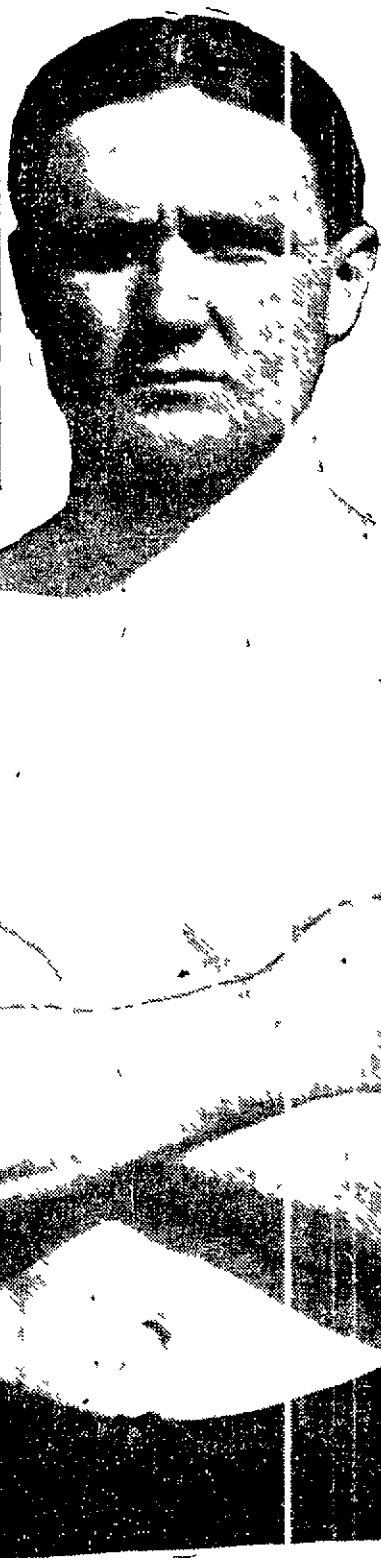

but only forty-three of these have been responsible for ten games or more the other twenty being experimental and mostly failures. The Brooklyn club has used the largest number of pitchers in games, the number being twelve. Pittsburgh and Philadelphia have used eleven twirlers. St. Louis eight. Chicago New York and Cincinnati seven each. Boston with its proverbial tight-fisted policy only six. However the New York Glads have in reality employed the smallest number of pitchers for two of the seven in its list pitched on a one game apiece.

Waltie of McGinnis's staff belongs what credit there is in leading the list of pitchers for the old league in the percentages. He has pitched fourteen victories and three defeats in this gives him better figures than his team mate the Iron Man. But to McGinnis belongs the real credit of leading the National League because he has pitched in nearly three times as many games as White and has an almost equally high percentage his record being thirty three victories and nine defeats. Harper of Cincinnati is third in the list with Matthews fourth. Pat Flaherty the American League discard ranks fifth with nineteen victories and nine defeats. Lundgren who leads the Colt twirlers is sixth.

PALACE BOWLERS ORGANIZE.

The latest team to reorganize at the Palace Alleys is the Palace team. This aggregation took a leading part in last year's tournaments and should be classed among the top notches this season.

The following schedule has been arranged for this week at the Tenth street alleys. Eagles tonight. Oakland Stars Wednesday night and the Palace Thursday night.

AGAINST LOCAL CYCLISTS.

PROTEST OF OAKLAND WHEELMEN HAS BEEN DISALLOWED.

The Racing and Records Committee of the California Associated Cyclists has handed down a decision in which the protest of the Oakland Wheelmen against the Oakland Wheelmen is disallowed. The Oakland Wheelmen had a race at the San Francisco track and the race was won by the Oakland Wheelmen. The local organization entered a protest on several grounds and the matter was thoroughly threshed out at the committee meeting. The Oakland Wheelmen were without a valid protest.

UMPIRE M'CARTHY RETIRES.

FANS DRIVE HIM TO SEEK REST ON A QUIET FARM.

Make mine a tall glass of Mrs. Winslow's Scouting Syrup—no ice.

It is Mr. J. McCarthy speaking—not Umpire McCarthy.

For Umpire McCarthy ceased to be Saturday he tendered his resignation to President Bell and the ball of paper is now lying on that official's desk.

Mr. McCarthy has no more to do with the game. He is quite a bit of a stunner in the day time and still he can't sleep at night. He blames the fans and says that if he had to be there he would be in the mental hospital.

McCarthy was seated in the asylum at Portland. There they went to him like a robber and made a bit of blarney not to stir. He did Jack have to stand. He returned here. Thought the change would do him a little good. But the fans sought him out and his mind commenced to totter. Hence his taking the res. cure and soothing drugs.

STANFORD WINS SAY EXPERTS.

Football experts say that the decision which gave the Berkeley-Stanford game to the Cardinal eleven Saturday by a 14-0 score is a fair one.

Under the old rules a player who kicks the ball has a right to fall on it since he is on side.

The new ruling is that a player who stands back of his own line of scrimmage and receives the ball from one of his own men on has no right to fall on the ball.

Fenton who kicked the ball in Saturday's game was on the scrimmage line but he received the ball from a California man.

There is no ruling in the revised set of rules that exactly covers the point but the old rule may be there as an example and thus Stanford must be credited with the honor of winning the game.

Jimmy Hopper California's coach and an expert on the game says.

The plain fact is that we were beaten and we must look to it for the future and make up for it on November 12th. I can say that our team that the men played a good game from start to finish. We were very effective in advancing the ball and played an excellent defense.

We had a worst of it on officials. The time California failed to make her downs on the 11-yard line I myself from the other side of the field heard Sperry cry down. This game should be a lesson to us to be very careful in choosing our officials for the big game. Coach Laidman himself agreed with me that we should have good officials on November 12th. We must work hard to get that day and pay it back good and plenty to Stanford.

Saturday's game was an illustration of the uncertainty of football games. The Stanford men saw an opportunity and took it. The team that takes the opportunities open to it will win every time.

BOWLER TO GO EAST.

Dr. A. W. Merrill the crack bowler of the Piedmont Club will leave next Thursday for the World's Fair.

He will stay in St. Louis for about two months, and before his return will take in all the important Western cities.

The doctor has entered a name as a competitor for the cup of the world in the competition roll for the world's championship. The tournament will take place in a few weeks at St. Louis.

Dr. Merrill has displayed a remarkable form within the last few weeks and should give a good account of himself in the exposition city.

DUGDALE HAS RESIGNED.

IKE BUTLER IS NOW AT THE HELM OF PORTLAND'S BASEBALL SHIP.

Ike Butler is now steering the Portland baseball ship through the murky waters accorded a full ender.

As was intimated some time ago in the TRIBUNE, Dugdale is resigned as manager and is making arrangements to buy a good share of the Portland team.

He will have with him the backing of several of the present directors of the team.

BREAKERS AHEAD FOR THEM.

IT IS UP TO ALAMEDA BOATING ASSOCIATION TO EXPLAIN.

The Alameda Boating Association has picked itself into a pile of trouble.

The Alameda Association recently withdrew from the Pacific Athletic Association and at the same time presented a set of rules which were full of irregularities. The Pacific Association working and now that organization has met and decided that the Alameda boat race will be held on the second of November. It has been paid. It is said that the Alameda club is considering this a matter of course.

The Pacific Athletic Association further action in resolution is passed that the Alameda club will be given a legal right to the race. The Alameda club will be taken.

Thus the water is disturbed.

GOOD AMATEUR FIGHTS.

ALEX GREGGAINS HAS EXCELLENT BOUTS ON CARD FOR FRIDAY NIGHT.

The San Francisco Athletic Club will hold its regular monthly amateur show at Woodward's Pavilion next Friday night with the strongest card of the present season.

From going to go Alex Greggains has a bunch of fights as follows: best amateur featherweight champion Dick Hyland vs. Jack Brown for the title. Tom Sullivan vs. Charles Augustus. In a battle for first honors among the lightweights. Underdog Mike Sperry and Young Thovinski the cyclonic Heb ew boxer. Len Crossley vs. Harry Riley. Jimmy Mai vs. S. H. Reiger and Joe Kelly who has won twenty-seven out of twenty-seven starts a money bet.

It is unquestionably the best show that has been presented for consideration since the California prize money popular with all classes of fighting piters.

SPORTING NOTES.

The New Century Wheelmen held a five-mile road race yesterday on the San Leandro turnpike. Twenty riders contested and Coach Johnson riding at scratch won his time being ten minutes and fifty-nine seconds.

The Occidentals defeated the Barnetts in San Francisco yesterday at association football. By the score of three goals to none in two halves of forty-five minutes each.

Manager Morley of the Los Angeles team has signed Pitcher Oscar Jones for the remainder of the season. Jones has arrived in Los Angeles and left for Seattle today.

The sail Idler of the California Yacht Club sailed over to Sausalito Saturday night and dropped anchor there. She was accompanied by the Sloop Falcatus.

The Oakland Hornets defeated the Alhambra Rovers in the first association game of the season yesterday at Freeman's Park. Ten goals were made by the Hornets to their opponents none.

Veteran cricket players played a game with each other yesterday on the Alameda grounds. It was just a friendly contest between old timers at the game and after the contest a luncheon was served.

Lash's Kidney and Liver Bitters removes uric acid from the system by dissolving the uric acid formation.

CURES Bythia CONSTITUTION
FOR SALE AT DRUG STORES AND BARS

OAKLAND TRIBUNE

Tribune Publishing Company.

William E. Dargie, President.

Bloodshed is the Seed of Peace.

It is harrowing to read of the sufferings of the soldiers wounded during the battle of Shalke. The dispatches but meagerly describe the situation and what comes over the cable is only a faint indication of the reality. If the world could see the horrors of this fierce struggle there would be a great growth of peace sentiment. We should not soon see again two powerful nations locked in death grapple for mastery in a land belonging to neither of them.

Naturally the Russians, whose losses have been heaviest and whose organization is less perfect, have suffered most. The thousands of their wounded limping along the muddy roads, reduced to a frightful mire by the trampling of horse and men and the passage of artillery and ammunition wagons, drenched by the pouring rain, furnish a commentary on war and conquest that is both hideous and instructive. Very few of the poor wretches dragging their mangled bodies through the rain and mud know what the war is about or why their sovereign has sent them to be fed to cannon in this distant land. They pray God for victory and fight savagely for it, but alas, victory will not benefit them nor their children—nor the world, for that matter—and they have no conception of what this victory means.

At least the frightful slaughter and the awful sufferings of the wounded are accomplishing some good; they are bringing the combatants to a realizing sense of the destructiveness and barbarity of the war. St. Petersburg is stunned by the disaster to the Russian arms, but Tokio is sobered over the fearful cost of Japan's victory. This mighty duel has lost glamour and picturesqueness and stands revealed as a carnival of blood and death under most forbidding circumstances. The contending nations are bleeding to death. While tearing open each other's wounds they are waiting the treasures heaped together by the arts of peace and the economies of thrift. War wastes with prodigal hand both the manhood and substance of a people.

The sanguinary battles in Manchuria render a general war impossible. All the civilized world is appalled and shocked at the loss of life and the enormous cost of such a struggle, and each nation feels a sense of thankfulness that it is not embroiled in the wasting struggle. In the earlier stages of the war it was freely predicted that the war would become general, but it can be seen that now that these predictions are happily vain. The horrible character of the struggle is its own antidote. It is an exhortation to other nations to keep out of it. And they will; the rotting corpses and the groans of the wounded and dying in the Far East have smote the listening ear of mankind and taught a lesson that will be heeded by every civilized government.

The next time General Kuropatkin decides to advance he will probably seek a route not so thickly infested with Japs.

Democrats insist that we should give up our home market to take a chance of getting foreign trade. They should remember the fable of the dog that dropped the bone he had in his mouth to grab at its shadow in the water.

Four Good Men to Re-elect.

Of the seven members of the Assembly that Alameda County will send to the Legislature this winter, four are men who have served previous terms with marked credit. Philip M. Walsh, William H. Waste, J. C. Bates and John A. Bliss all proved themselves to be capable and trustworthy legislators.

Mr. Bliss is the dean of the delegation, having served three successive terms. He is a solid business man who takes a common sense view of matters of legislation and votes with sound judgment, seldom speaking on the floor, but giving shrewd attention to all the proceedings. Messrs. Walsh, Waste and Bates have each served one term.

Mr. Walsh developed marked legislative talent at the opening of the last session. He had given excellent promise by his work as Assistant District Attorney, and this promise he quickly fulfilled in the halls of legislation. He proved himself peculiarly apt in picking up legislative methods and in a few days made himself entirely familiar with the processes of the Assembly and the principal questions that would come up for determination. He showed himself a ready debater and developed early in the session the qualities of a floor leader. His quickness of perception, readiness of mind and his familiarity with parliamentary usage suggested him for the Speakership, and his name is likely to be presented to the Republican caucus for that position. The Assembly could hardly make a better selection.

William H. Waste, who represents the University district of Berkeley, is a young lawyer of high character and marked ability who made a most satisfactory record in the last Legislature. He speaks forcibly and votes intelligently and honestly. He is devoted to the State University of which he is an alumnus and labored effectively to get through the appropriation for the new building. The University will have an appropriation bill before the next Legislature and Mr. Waste is just the man to handle it in the Assembly.

J. C. Bates represents the Alameda district. He proved his mettle at the last session, representing the interests of his constituents with fidelity and ability. He is a straightforward man, politically and personally clean, imbued with a sincere desire to serve the public interests. His influence in the Legislature is sound and wholesome.

Messrs. Walsh, Waste, Bliss and Bates have all been renominated on the Republican ticket, and it is gratifying to the lovers of good government that all four of them are sure of re-election.

If John D. Rockefeller really did seek the Democratic nomination for President, it is the first known instance in his long career where he tried to get something that was valueless.

Ex-Secretary Olney calls the war with Spain "a useless scrimmage." When he said that he was probably thinking of the time when the United States army was needed to put down strikes.

Popular feeling against railroads appears to be stronger in Texas than race prejudice. A white jury at San Marcos has awarded a colored woman \$6,663 damages against the International and Great Northern Railroad for the loss of her husband, a negro laborer, who was killed by a train. If the man killed had been white, one can readily imagine that the award would have been much larger.

Uncle Henry Davis is having the time of his life in Maryland and West Virginia, delivering from ten to thirteen speeches a day and getting his leg pulled every night by the Democratic managers. In the face of his example, it is hard to see how Parker had the nerve to refuse to take the stump.

Party Strength in the House.

The San Francisco News Letter makes a grave mistake when it says the Democrats have 151 sure seats in Congress from the South. Excluding Maryland, West Virginia and Delaware from the list, the Southern States have a total of 125 seats in Congress. Several of these are held by Republicans—two from Tennessee, one from Kentucky, one from Missouri and one from Virginia. All five of the Representatives from West Virginia, and four of the six from Maryland are Republicans. Consequently the Democrats have but 122 Congressmen from the entire South with Maryland and West Virginia included, and they must elect 74 members from other States to obtain a

bare majority in the Lower House. From present indications, they will lose two and perhaps three seats in California, one in Nevada, one in Rhode Island, one in Iowa, one in Kentucky, one in Massachusetts, one or two in Missouri and one in Nebraska. They will probably gain a Congressman or two in Maryland and perhaps one in West Virginia. There is little prospect, therefore, that they will even cut down the Republican majority in the House, let alone get control.

NO GROUND FOR COMPLAINT.

"Somehow," declares the New York Times, with mournfulness, we do not get into foreign markets."

Is this a correct statement? No trustworthy estimates of the wealth of this nation were made prior to the year 1850. But in that year it was declared by government authorities to be 735 million dollars.

In the year 1903 Americans "got into foreign markets," with exports of American products to the value of 1420 million dollars. That is to say, we exported last year goods that represented one-fifth of all the wealth of every kind existing in the country fifty years ago. There is good ground for the conjecture that these exports were as great as the total property of the American people at the beginning of the last century.

These really stupendous figures may not be impressive to the mind of the free trade editor, but even he must admit that they do not indicate inability on the part of American producers to edge a little way into foreign markets.

We do actually contrive, also, to sell abroad a good many of our manufactured articles, and this commerce is rapidly growing under a protective tariff which, we are constantly assured by free traders, forbids us to export manufactures. Even in the dreary days when the Wilson tariff had crippled home industry we sold to foreigners (in 1896), \$228,000,000 worth of manufactured goods, and in 1900, under high protection, we exported \$434,000,000 worth. If the Democrats will let the tariff alone, probably we shall do still better in the early future.

But, of course, \$434,000,000 worth of manufactures is not a very large proportion of the 13,000 million dollars' worth of material turned out by American mills in the year 1900. It leaves 12,566 million dollars of manufactured stuffs to be accounted for.

Where did this colossal mass of material go to? It was not stored away; it was not burned; it was not lost at sea; it was not swallowed up by the convulsion of nature. What became of it?

It was taken and consumed by the American people and a still larger quantity was taken and consumed the next year, and the next and the next.

Now, we should like to inquire why, if the home market will take and pay good prices for three-quarters of all the goods we produce in our own mills, any political economist should worry himself because the product was not sold and shipped to a foreign land. It would not have brought higher prices—it would have brought lower prices—if it had been exported, and nobody on earth would have been the better for the operation.

It is perfectly safe to say that this wonderful home market grows as fast as domestic manufacturing industry grows, and the protectionist has upon his side both ordinary good sense and sound political economy when he proposes to retain such a market for the American producer. Mark how it grows:

Within twenty years cotton consumption in Great Britain increased 14 per cent. In the United States it increased 50 per cent. Within twenty years coal production in Great Britain increased 38 per cent. In the United States it increased 282 per cent.

Within twenty years pig iron production in Great Britain increased 11 per cent. In the United States it increased 231 per cent.

And these are but three examples out of hundreds that prove the productive and consuming power of the American nation to be increasing with unparalleled rapidity. No existing nation upon the globe has such a market at its command. We control it absolutely, and it is a priceless possession.

The Times also complains that American exports of manufactures are hindered by duties upon raw materials. Here is the sufficient response:

1. There are no duties upon any raw material entering into an exported article.

2. We produce at home most of the raw materials that we need.

3. The export of manufactures is not helped or hindered by any duty laid upon or rebated from raw material.

We give one example in proof of this last assertion. Silk is free and hides are dutiable, and yet our exports of silk fabrics and of leather fabrics were as follows last year:

Exports of silks, with free raw silk, \$412,000.

Exports of leather fabrics, with dutiable hides, \$32,100,000.

In truth, when the facts and the figures are applied to the grievances of the Times, or to any of the anti-protective assertions of the free traders, the whole case for the free traders at once vanishes into thin air.—Philadelphia North American.

OAKLAND'S FAVORITE AMUSEMENT.

Oakland is again in the thick of many discussions regarding the water question. Every other citizen of the Bondless City has a plan up his sleeve, the adoption of which will insure a plentiful supply of sparkling water at rates absurdly low. Everybody is getting into the newspapers, telling "about it and about." These little pleasantries are periodical in Oakland, but after much argument the city always "goes out by the same door where it went in."—Hayward's Review.

IT WILL NOT HURT METCALF.

It is somewhat painful that the Democratic candidate for Congress in this district should adopt the policy of belittling or attempting to belittle, Secretary Metcalf because of his elevation to the President's Cabinet. Nobody else has discovered that it was not a very appropriate promotion. Nobody ought to argue that it is not an advantageous recognition of the vast and growing interests of the Pacific Coast. Nobody can truthfully hold that honor is too big for the recipient of it. Mr. Metcalf's chances of election are not so overshadowing but he can afford to be neighborly and genial in all his references to the man whom he would like to succeed.—Alameda Argus.

CHIPS FROM OTHER BLOCKS

Uncle Joe Cannot "sees heavy Republican gains." If he did not see them he would suspect there was something the matter with his eyesight.—Chicago News.

Physicians have found it impossible to wake up an Iowa City woman. Probably she took the Democratic campaign in the Idea State too much to heart.—Philadelphia North American.

Senator Beveridge is keeping mighty quiet. Is it possible that he is writing a book on "The Japanese Advance"?—Chicago Journal.

A new professor of military science and tactics has just been appointed at the University of California. An early improvement in the work of the football team is anticipated.—Los Angeles Herald.

One advantage about a pet dog is that he never smiles sardonically when a girl hits her thumb instead of the tack when she's hanging a picture.—Baltimore American.

Hints for the Ladies.

A Permet skin, more commonly called calf skin for fivers, collar and cuff trimming, and any novel use in the way of inset pieces, costs \$5.50. The skin has ragged edges like any animal skin, and it is about 18x27 inches in size. It makes a beautiful trimming, the hair very short and close set, with much white mixed with a soft brown.

White bear cloth for trimming evening cloaks, also evening gowns if one wishes, comes about seven inches wide, with heavy silk embroidery in delicate flowers, applied on it through the center. It is very effective and a special price for this week is \$2.98. There are two patterns.

The bear cloth by the yard for evening cloaks and children's coats is 50 inches wide and is \$4.50 a yard. One style has the hair in small circles, and another at \$5.50 is in ridges like a country field freshly harrowed. For those who do not know the cloth, it comes in white only and has a silky hair which looks very much like fur.

A sheltone at \$5.25 a yard, in a rich dark brown is so soft and lustrous as to look like a silk velvet. For an elderly woman it would make a very handsome dress. It is 56 inches wide.

The little mirror pendants which women find so convenient for use in shopping and traveling, may be had in pretty designs in German silver and gold plate, from 50 cents to \$1.75. They hang from the belt chataleine fashion.

Soft pillows, back and front, the front stamped for embroidery, sell for 25 cents.

Foreign novelties in jewelry, pretty pins of dull silver and gold, in odd designs, which include grasshoppers, beetles, flowers and wreaths, some with enamel and the insects with rhinestone eyes, are marked from 15 cents to \$1.50.

Wonderfully pretty ornamental Louis XIV slippers, about nine inches long, in Dutch silver, cost \$19 and \$15 a piece. The fret work, the tiny straps, the dainty curve of instep and heel, are in the most perfect workmanship.

DAYS COME AND GO.

Leaves fall and flowers fade,
Days come and go
Now is sweet summer laid
Low in her leafy glade,
Low like a fragrant maid,
Low, low, ah, low.

Tears fall and eyelids ache,
Hearts overflow,
Here for our dead love's sake
Will he again awake?
Ah, no, no, no.

Winds sigh and skies are gray,
Days come and go;
Wild birds are flown away,
Where are the blooms of May?
Dead dead, this many a day,
Under the snow.

Lips sigh and cheeks are pale,
Hearts overflow,
Will not some song or tale
Kiss, or a flower trail,
With our dead love awake?
Ah, no, no, no.

—Madison Cawlin in the October Century

CAMPAIGN COMPLAINT.

It isn't like it used to be. Why, twenty years ago
My eyes would have been glared as I
Rose to meet the foe,
My fists would have been shaken 'an'
My arms would have been bared
An' someone on the other side would
Have been badly scared.
But now I'm calm an' peaceful an' my
Mind is not upset—
It's five weeks to election, an' I'm not
Excited yet.

I used to start disputin' when the big
convention closed—
I'd argue an' I'd wrangle with each
fellow so I could
Why, I would be so angry by the last
day of July
That I'd start in a fightin'—never
waited a reply—
I'd start right in to fightin' with each
enemy I met;
But now it's most election, an' I'm not
excited yet.

It used to be I'd listen for each thing
the others said
An' maybe sit disputin' till I'd ought
to be in bed,
An' when we had a rally they could
count on me, of course,
To lead the big procession an' to yell
till I was hoarse;
I used to know the tariff an' the na-
tional debt
An' all the facts an' figures—but I'm
not excited yet.

I haven't missed my supper an' I
haven't heard a speech,
I haven't felt like hittin' everyone
within my reach,
I haven't thrilled at hearin' how the
old flag should be waved,
I haven't even shouted that the coun-
try must be saved,
I'm just a plain spectator, an' I haven't
made a bet—
It's five weeks to election an' I'm not
excited yet.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, which I bought at the drug store, but saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles, and General Debility." This is what E. F. Case of Fremont, N. C., writes. Only one at Osgood Bros., druggists, Seventh and Broadway and Twelfth and Washington.

A Good Home Cooked Dinner for 25 Cents
Will be served at 416 1/2 8th street, between Broadway and Franklin, from 11 to 12 o'clock, October 24th, for the benefit of St. Anthony's Church Fair. Rev P. C. Yorke, pastor.

If sick headache is misery, what are Carter's Little Liver Pills if they will positively cure it? People who have used them speak kindly of their worth. They are small and easy to take.

Cheap Fuel.
The public is interested in cheap coal which can be obtained at E. G. Williams, 12th and Webster Main 64.

TEA

There is such a thing in the world as tea-toper, slave of the cup; one can hardly imagine it.

Curse
OF
DRINK

DRUNKENNESS CURED TO STAY CURED BY
White Ribbon Remedy.

No taste, No Odor. Any woman can give it in a glass of water, tea, coffee or food without patient's knowledge.

White Ribbon Remedy will cure or destroy the diseased appetite for all alcoholic drinks, whether the patient is a confirmed inebriate, a "tippler," social drinker or drunkard. Impossible for any one to have an appetite for alcoholic liquors after using White Ribbon Remedy. It has made many thousands of permanent cures, and in addition restores the system to normal health, steadying the nerves, increasing the will power and determination to resist temptation.

Endorsed by Members of a Woman's Christian Temperance Union, Physicians, Hospital, Clergymen and Temperance Workers.

Write Dr. W. R. Brown, 118 Tremont St. Boston, for trial package and letter of advice free in plain sealed envelope. All letters confidential and destroyed soon as answered. White Ribbon Remedy sold by all druggists everywhere, also sent by mail in plain package, price \$1.00. Sold and recommended by special agent in OAKLAND, OWL DRUG CO., Broadway and Thirteenth streets.

THE DOLLY GIRLS IN "THE TENDERFOOT" AT THE MACDONOUGH TONIGHT AND TOMORROW NIGHT.

FROU FROU AT YE LIBERTY

MACDONOUGH THEATER WILL PRESENT GRAND AGGREGATION OF MINSTRELS.

Tonight and all this week at the popular Ye Liberty Playhouse Bishop's company of players will present "Frou Frou," which was decided by vote a few weeks ago to be the most popular of a list of standard emotional dramas. The origin of the play is French, but it was adapted to the American stage a few years ago by the late Augustin Daly for use by his own stock company in New York. Daly was probably the greatest figure that ever lived in drama and knew more about it than any other writer and the selection of plays than anyone else. So the mere fact that he believed "Frou Frou" good enough for the best stock company in the world and it has always been a great favorite with Bernhart. Miss Kellogg, and undoubtedly will give a most pleasing as well as clever impersonation of the very difficult part. For the part is difficult, as it calls upon an actress for more versatility than most roles, for it ranges from the light pleasantries of a coquette to the wild jealousies and deep remorse of an erasing wife and mother. It is called the "Frou Frou" because of its many changes of scene and every part with a great deal of skill and understanding. She has over and over again proven herself to be one of the most valuable as well as popular members of the company.

HALCYON MINSTRELS.
On Thursday and Friday nights of this week at the Macdonough Theater the biggest, best and most complete minstrel aggregation ever seen on this side of the continent will hold forth in all its glory. It is called the Halcyon Minstrels, and for a number of years made an enviable reputation in Alameda and other cities of note. This year they have been forced to seek pastures new, for through the jealousy of some of their rivals, plunged at their success, the "Frou Frou" was destroyed by fire. It was then that the magnificent spirit of one Guy C. Smith came to the fore and he offered the Macdonough Theater with such grace that the boys willingly accepted. Hence this magnificent production in the beautiful city of Oakland, which cannot pass bonds into a state of new song by the composers of the decade and the end songs are the latest product of the most original and have never been heard before, and the olio has many wonderful things, and what more could you want for a night of 25 cents. Don't miss this great show.

THE TENDERFOOT TO-NIGHT.
"The Tenderfoot," (Phil Ryley) and his merry band of cowboys, Indians, Seminole girls, senoritas from over the border and the blue-shirted alkali-dust rangers of Texas are announced to appear on the stage of the Macdonough Theater tonight and present one of the most extraordinary financial and artistic musical triumphs of the season.

"The Tenderfoot" is the work of two young Americans. Richard Carle is responsible for the book and lyrics, said to be as refreshing as a rushing stream by the dusty roadside, and the music is by H. L. Hearts, composer of "1492," "Miss Simplicity," "The Show Girl," and other popular successes and equally shares with Mr. Carle in the success of the piece.

This latest American novelty, undoubtedly captured the public and the press in Chicago, where it was seen for one hundred and ninety-two performances—the banner record for the Western metropolis, because ever since the initial performance, wherever you may have strolled in Chicago you will have heard one of the many catch phrases of the piece or else some of its popular music. "My Alamo Love" in particular, which from all accounts has become even more popular than "The Tale of the Kangaroo"—this number

EXTENDS SIGNAL SYSTEM.

SOUTHERN PACIFIC PREPARES TO MAKE TWO IMPORTANT IMPROVEMENTS.

The Southern Pacific Company, having recently introduced the automatic signal service between this point and Port Costa, and having found it to work with perfect satisfaction, have now begun the work of supplying the same system between Tracy and Stockton, where, owing to the heavy traffic, such an improvement is much needed.

The most important local improvement by the Southern Pacific Company for the present season is found in the new marine ways, now being constructed at what is known as the Peninsula street slip, on the estuary.

This work was begun last June and will be completed in about two months. These ways are 80 feet in length, and with the side approaches, and slips about 150 feet wide. The grade for the reception of vessels is 400 feet long, and will carry a vessel drawing 14 feet of water. The cost of this improvement is about \$100,000. It is the largest institution of its kind in the world, and will have attached to it all the modern appliances for building and refitting ships. Here in future all the ferry boats and other craft used by the company will be constructed and repaired, and thus will be opened up a new era in the history of the company.

MINSTREL SHOW.
The Native Sons of Alameda and Berkeley are making extensive preparations for a black face minstrel show to be given at the Macdonough Theater on Thursday and Friday, October 20th and 21st. Van E. Britton has charge of the musical portion of the program. The sale of seats has been at the box office of the Macdonough today.

CATARRH OF THE STOMACH

A Pleasant, Simple, but Safe and Effective Cure for it.
Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headache, sickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen, it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and hearty digestion is the normal necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison, the safest and best treatment is to use after each meal a tablet, composed of Distas, Aescopic Pepsin, a little Nux. Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that they will give a thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "I am a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge there from passing backward into the throat reaches the stomach, thus producing a catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

ST. ANDREW'S RUMMAGE SALE

The ladies of St. Andrew's Church will hold a rummage sale this week at the corner of Eighth and Perla streets. The sale begins on Tuesday. Donations of rummage is desired.

The sale has charity for its object and the ladies of the church are anticipating a successful sale.

FORMER TREASURER KEEPS HIS PLACE OF RESIDENCE TO HIMSELF.
Former City Treasurer Z. T. Gilpin, cannot be credited with a record of every available means, but without success. Recently an effort was made to serve Gilpin with a copy of an attachment levied on a piece of property owned jointly by him and his wife. After a considerable interval the papers were returned by Gilpin and Charles Keena of Placer county, with a notation that the man could not be found.

The former City Treasurer left this city just after an attachment had been levied by H. Blais, a money lender, against the Standard Wood Company, which was owned by Gilpin and G. W. Jackson. Gilpin went to Colfax and was last seen at that place on July 30, when he had a long interview with Jackson to whom he gave a bill of sale of his interest in the company. On the day after Gilpin left Oakland another attachment was levied by W. H. Dean against a piece of property owned by Miss May Gilpin on a claim of \$3600, assigned to the Dean Law Collection Agency by Dr. W. D. Huntington.

PRESIDENT BLAMES THE INSPECTORS

WASHINGTON, October 17.—The report of the United States Commission of Investigation on the disaster to the steamboat General Slocum was made public today. In connection with the important findings of the commission presented in the report, President Roosevelt, to whom the report was submitted, has written a letter to Secretary McCall of the Department of Commerce and Labor briefly summarizing into effect the recommendations of the commission. He also directs that Robert S. Rodie, supervising inspector of the Second District, steamboat inspection service, and James A. Dumont and Thomas H. Barrett, local inspectors in charge of the port of New York, be discharged from the service, the commission holding them directly responsible for the laxity of the steamboat inspection to which the Slocum disaster was directly attributable.

WOMEN INJURED IN FIRE.

Caught Like Rats in Trap in Burning Tenement.

NEW YORK, October 17.—One name has been added to the list of dead in the fire which gutted a five-story tenement at 15 Moore street, Williamsburg, early to-day. It was that of May Deliski, 5 years old, and made the total of known dead five.

The injured were mostly women and children, including six members of one family. Eleven are in a serious condition and it is likely many of them will die. There were 120 persons living in the building. Five families on the top floor suffered the greatest loss, scarcely a single one escaping uninjured.

A BAD DISORDER
In the fall of 1895 I contracted that fearful disease, Blood Poison. It gained such headway that I was forced to resign my position and seek relief at Hot Springs. After spending all the means I had I went to Memphis. In less than three weeks I was in a hospital, and after nine weeks of suffering I was discharged as cured. In less than a month every bone in my body seemed to be affected and felt as if they would break at the least exertion. Again I was compelled to resign, and I returned to the hospital for a seven weeks stay. When I came out I was advised to try farming. When I first went on the farm I prevailed on the only firm who handled drugs to get me one dozen bottles of S. S. S. At that time both of my hands were broken out with blisters and I was covered with boils and sores. In the meantime my druggist had gotten two dozen bottles of S. S. S. for me and I began its use, and after taking the thirteenth bottle not a sore or boil was visible. R. B. POWELL, East 9th St., Little Rock, Ark.

Of all human diseases, Contagious Blood Poison is the most hideous and hateful. The victim is tortured with eating ulcers, sores and abscesses, unsightly blotches, eruptions and other symptoms of the miserable disease. S. S. S. has been used successfully for nearly fifty years for Contagious Blood Poison. It contains no mercury, potash or other mineral. Our home treatment book gives all the symptoms of this disease. Medical advice free.

PREACHES ABOUT A NEW HELL.

BELIEF IN BIBLE NECESSARY TO REGARD FOR FUTURE PUNISHMENT.

Belief in the words spoken by Jesus Christ as an essential to belief in Christian living today was the keynote of a sermon preached by the Rev. H. J. Vorburgh of the First Baptist Church last evening on "The New Hell," the subject being suggested by the article on the subject in the July North American. He said in part:

"The world of thought was stirred out of its slumberous summer mood by the appearance in the July North American of an article with the striking designation: 'The New Hell.' There is still a wholesome fear of hell in many minds and the discussion of the subject is all ways provocative of thought. Moreover, the adjective new gave pungency to the title. It is a wholesome sign of the times that this word is not used so frequently as it was ten years ago, but it has not lost all of its fascination.

"Perhaps the pressure of mundane affairs upon the pages of even a conservative review was so great as to limit the space devoted to a consideration of man's future interests. There are some omissions, however, that are exceedingly significant.

"For instance, there is no reference to Christ as an essential to belief in Christian living today was the keynote of a sermon preached by the Rev. H. J. Vorburgh of the First Baptist Church last evening on 'The New Hell,' the subject being suggested by the article on the subject in the July North American. He said in part:

OAKLAND MAN HAD MANY VICTIMS
SAN FRANCISCO, October 17.—Lew Rothchild, of 40 Market street and Al Shepton and A. C. Robinson of 1032 Market street reported to the police last night that they, along with twenty-seven others, had been victimized out of about \$300 by S. W. Montgomery, the Oakland man who was arrested Saturday at Roswell, N. M.

Montgomery was arrested in New Mexico for working a land-fraud scheme and fraudulently obtaining about \$200 from eight people of Roswell.

The apprehended man has a wife and a son living at 13 Twelfth street, Oakland. It is said that he got many thousands of dollars through bogus land and mining schemes.

COUNTY ELECTION PROCLAMATION

In accordance with the proclamation of the Governor of the State of California issued in the 26th day of September, A. D. 1904, calling a general election throughout the State of California to be held on Tuesday, November 8, 1904, for the purpose of electing the following officers:

Ten Electors of President and Vice President of the United States.

Also eight Representatives to the Congress of the United States, being one Representative from each Congressional District in the State, as prescribed by law.

Also one Representative to the Congress of the United States from the Third Congressional District in this State for the unexpired term of Victor H. Metcalf resigned.

Also one Associate Justice of the Supreme Court of the State of California, for the unexpired term of Jackson Temple, deceased, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also twenty members of the Senate of the State of California, being one Senator from each of the following Senatorial Districts, as prescribed by law, to-wit: First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth, Twenty-first, Twenty-second, Twenty-third, Twenty-fourth, Twenty-fifth, Twenty-sixth, Twenty-seventh, Twenty-eighth, Twenty-ninth, Thirtieth, Thirty-first, Thirty-second, Thirty-third, Thirty-fourth, Thirty-fifth, Thirty-sixth, Thirty-seventh, Thirty-eighth, Thirty-ninth, and Fortieth.

Also, eighty members of the Assembly of the State of California, being one member of the Assembly from each of the eighty Assembly Districts in the State as prescribed by law.

Also, four Judges of the Superior Court of the State of California, for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also, one Judge of the Superior Court of the State of California in and for the County of Santa Clara for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also, one Judge of the Superior Court of the State of California in and for the County of Santa Clara for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also, one Judge of the Superior Court of the State of California in and for the County of Santa Clara for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also, one Judge of the Superior Court of the State of California in and for the County of Santa Clara for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also, one Judge of the Superior Court of the State of California in and for the County of Santa Clara for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also, one Judge of the Superior Court of the State of California in and for the County of Santa Clara for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.

Also, one Judge of the Superior Court of the State of California in and for the County of Santa Clara for the unexpired term of Wm. G. Loring, resigned, term ending January 1, 1907, vice Wm. G. Loring, appointed.
